# The Orb User Manual

This guide provides detailed instructions on using, cleaning, and maintaining your natural stone carb cap.

## Overview and Features

The Orb is a natural stone carb cap specifically designed for use with The Crucible. It comes in two versions:

### Standard Version:

- Made of natural shaped and cut quartz crystal.
- Features an added center hole that can be oriented to adjust airflow levels.

### Special Edition:

- Made from a variety of limited edition natural stones.
- May or may not contain a center hole, depending on the material used.

## Using The Orb

1. **Setup:**
  - Heat The Crucible to the desired temperature.
  - Use a dabber to add your concentrate to The Crucible.
2. **Application:**
  - Carefully place The Orb on top of The Crucible.
  - For the standard version, orient the center hole to adjust the airflow levels as desired.
  - The Orb limits airflow and directs it to the auto-spinning vortex holes, enhancing vaporization efficiency.
3. **Inhalation:**
  - Inhale through your rig or bong as vapor is produced.
  - Remove The Orb from the Crucible at the end of your hit to clear the chamber if desired.

## Cleaning and Maintenance

1. **Cleaning Procedures:**
  - **Materials Needed:** Cloth soaked in isopropyl alcohol.
  - **Instructions:**
    - Wipe The Orb with the alcohol-soaked cloth to remove any residue.
    - Allow The Orb to dry completely before using it again.
2. **Important Cleaning Notes:**

- Ensure The Orb is free of all alcohol residue before placing it back on The Crucible to avoid any unwanted combustion or residue burning.

## **Safety Tips**

- Handle The Orb with care, avoid dropping it as it is made from natural stone and can be fragile.
- Always vaporize in a well-ventilated area.
- Handle isopropyl alcohol with care, keeping it away from heat sources, electronics, and other possible ignition sources.
