Overview and Features

The Trove is a premium storage jar made from acacia wood and UV-resistant glass, designed to keep your stash fresh and secure. It features:

- **Airtight Silicone Seal:** Ensures airtight storage, maintaining the freshness of your materials.
- **Golden Metal Flower of Life Detailing:** Adds a touch of elegance to the jar.
- **Versatility:** Ideal for storing flower, ABV (already been vaped) material, or serving as a container for an alcohol cleaning bath.
- **Compatibility:** Designed to fit snugly in The Altar's jar slot.

Usage Instructions

1. **Storing Material:**
 - **Flower or ABV:** Place your material inside The Trove and secure the lid to ensure an airtight seal. The UV-resistant glass helps protect the contents from light degradation.
 - **Alcohol Cleaning Bath:** Carefully pour isopropyl alcohol into The Trove, until $\frac{1}{4}$ - $\frac{1}{2}$ full, ensuring not to overfill. Place any items you wish to clean into the alcohol.
2. **Using with The Altar:**
 - **Storage:** The Trove fits snugly into The Altar's jar slot. When storing alcohol in The Trove, **do not place the jar in the slot while The Altar is on** to prevent any risk associated with alcohol, electronics, and heat sources.

Cleaning and Maintenance

1. **Cleaning Procedures:**
 - **Glass:**
 - Wipe or soak the glass portion of The Trove with isopropyl alcohol to remove any residue.
 - **Wood and Seal:**
 - Wipe the acacia wood and silicone seal with a cloth dampened with mild soapy water. Avoid soaking these parts to prevent damage.
2. **Important Cleaning Notes:**
 - Ensure The Trove is completely dry and free of alcohol residue before using it to store flower or other materials.
