The Apparatus User Manual

Welcome to The Apparatus user manual. This guide provides detailed instructions on using, cleaning, and maintaining your 3-part folding multi-tool.

Overview and Features

The Apparatus is a versatile multi-tool designed to enhance your vaporization sessions. Crafted from stainless steel with elegant rosewood inlays, it combines three essential tools in one compact design:

- **Packer**
- **Bowl Scraper and Debowler**
- **Bowl Stirrer**

Using The Apparatus

1. Using the Packer:

- **Purpose:** To gently pack dry herb material in The Chalice's bowl.
- **Instructions:**
 - Hold The Apparatus by the handle.
 - Gently tap the packer into the top of The Chalice's loaded bowl.
 - Use only the weight of The Apparatus, without applying additional force, to lightly push down the material.

2. Using the Stirrer:

- **Purpose:** To stir the dry herb material in The Chalice's bowl between hits.
- **Instructions:**
 - Unfold the stirrer from The Apparatus.
 - Use the tip to stir the contents of The Chalice's bowl as needed, ensuring even vaporization.

3. Using the Scraper/Debowler:

- **Purpose:** To scrape and clean the inside of The Chalice's bowl.
- **Instructions:**
 - Unfold the scraper/debowler from The Apparatus.
 - Scrape in a circular motion around the inside of The Chalice's bowl to empty it.
 - Be careful not to disturb the placement of the stainless steel screen.

Cleaning and Maintenance

1. Cleaning the Stainless Steel Tools:

- **Materials Needed:** Paper towel or cotton ball soaked in isopropyl alcohol.
- **Instructions:**

- Wipe down the stainless steel tools with the alcohol-soaked paper towel or cotton ball.
 - Ensure all residue is removed, and allow the tools to dry completely before folding them back into The Apparatus.
2. **Cleaning and Maintaining the Rosewood Inlays:**
- **Materials Needed:** Appropriate wood cleaning products and oil.
 - **Instructions:**
 - Use water or a mild soap to wipe the rosewood inlays, avoid soaking.
 - Lightly oil the wood if desired, to maintain its luster and protect the finish.
 - Buff the inlays with a clean, dry cloth to achieve a polished finish.

Safety Tips

- Always handle The Apparatus with care to avoid injury.
- Ensure the tools are properly folded back into The Apparatus after use to prevent accidental damage or injury.
- Clean The Apparatus regularly to maintain optimal functionality and hygiene.
